Press Release

June 1, 2004 Eastpointe, MI

John Wolar of Alternate Energy Solutions, Inc. joins the Michigan Wind Working Group.

The Michigan Wind Working Group is a committee formed for the purpose of discussing important issues that pertain to the development of wind power generation of electricity in the State of Michigan. The MWWG meets monthly at the Michigan Public Service Commission (MPSC) in Lansing, MI and is chaired by Tom Stanton from the MPSC and John Sarver from the Michigan Department of Labor and Economic Growth (MDLEG).

John Wolar, president of Alternate Energy Solutions, Inc. became a member of the MWWG to better understand stakeholder concerns and to become more cognizant of renewable energy initiatives around the state.
