Press Release

June 22, 2007 Eastpointe, MI

Alternate Energy Solutions completes first closing on Michigan Intra-State Public Offering.

Alternate Energy Solutions would like to report that the company had the first closing on its Series A Preferred Stock. Management has elected to continue the offering through the close of business on Friday, August 17, 2007. Individuals interested in obtaining a copy of the Prospectus may do so by visiting the company website or calling the company office.

We would like to state that a registration statement has been filed with the State of Michigan and that the offer to sell or solicitation of offer to purchase securities is solely made by and pursuant to the offering Prospectus and is only valid in the State of Michigan.

Alternate Energy Solutions is a Michigan company specializing in development of renewable energy utilizing wind turbines, solar thermal collection and geothermal systems. Company services to clients include fatal-flaw analysis, wind testing and mapping, electrical system design and component specification, system operation, training and maintenance.
