Alternate Energy Solutions, Inc. receives approval for Michigan public offering

Today, Alternative Energy Solutions, Inc. announced that the State of Michigan, Office of Financial and Insurance Services (OFIS), approved the company's application and registration for an intra-state public offering of 1,000,000 shares Series A Preferred Stock priced at \$5 per share. The offer is solely made by and pursuant to the Prospectus. Copies of the Prospectus will be available for Michigan residents through on-line registration at the company's website: www.aesmichigan.com or by calling the company office and requesting a copy.
