Press Release

September 12, 2007 Eastpointe

Municipality awards wind monitoring and feasibility study contract to Alternate Energy Solutions.

Management would like to report that Alternate Energy Solutions received notification that a recent proposal to a municipal client has been accepted. The company will monitor and collect wind data, conduct a project feasibility study, and prepare a business plan for the municipalities elected officials.

Alternate Energy Solutions is a Michigan company specializing in development of renewable energy utilizing wind turbines, solar thermal collection and geothermal systems. Company services to clients include fatal-flaw analysis, wind testing and mapping, electrical system design and component specification, system operation, training and maintenance.
