Onekama Consolidated Schools signs Letter of Intent

Today, the Onekama Consolidated School District signed a Letter of Intent with Alternate Energy Solutions, Inc. for the purpose of evaluating wind resources on school district property and to investigate use of wind turbine technology for offsetting electrical energy consumption at the school.

John Wolar of Alternate Energy Solutions, Inc. commented, "We are pleased with Onekama's decision to seriously consider the integration of renewable energy into the district's energy plan." He added, "Wind studies will begin in October of this year and we are grateful the district has placed their trust in our company."
